Step 2 – click on the picture of the dogs. The next page will list the actual books about dogs and this is where they will need help of someone older.

Now an appropriate book needs to be found. For example – the first book listed here is in the Purple sublocation. This section is for 3rd grade and older so not for a younger student. As a non reader/visual searcher a book in the Orange sublocation (picture books) will be for most visual searchers. Scroll down or click on higher pages to find a book.

This book <u>Akiak:a tale of the Iditrord</u> is found on the 2nd page if the list. The sublocation for the book is Orange (picture books).
